

HELSINGIN YLIOPISTO
HELSINGFORS UNIVERSITET
UNIVERSITY OF HELSINKI

1

CRADLE OF NEW THINKING

The University was founded by a 13-year-old girl. The world learned to know her as Christina, Queen of Sweden.

Since 1640 we have been considered the cradle of Finnish civilization, educated nine presidents, four Nobel prize winners and thousands of leaders in politics, science, culture and economics. And we have helped build a society considered one of the best in the world.
