April 10, 2026

Dear Prof. Radović,

On behalf of the American Carbon Society, we are pleased to inform you that your nominee, **Katsumi Kaneko**, has been selected to be named FELLOW of the American Carbon Society at the CARBON 2026 conference.

After review of the associated documents and letters, the American Carbon Society Awards Committee informed me that Prof. Kaneko was selected. We look forward to presenting this award to him at the conference banquet. We encourage you to be the first to reach out to congratulate Prof. Kaneko and inform him of this award.

We extend our congratulations to you and to Prof. Kaneko, and we look forward to seeing you both in Charleston at CARBON 2026.

Sincerely,

Rodney Andrews
Chair, American Carbon Society
