

Train Schedule to Matsumoto from Narita Airport

There are two ways to reach Matsumoto from Narita Airport. One is a route by the Narita Express Line and Chuohsen East Line via Shinjuku station(First Choice).

The other is a route via Tokyo station and Nagano station by Narita-Soubu Line from Airport to Tokyo, Nagano Shinkansen Line from Tokyo to Nagano and Shinonoi Line from Nagano to Matsumoto(Second Choice).

In general, the first choice is recommendable, because one with big baggage has to transfer just once at Shinjuku station and a little less expensive than the Second Choice with twice of changing at Tokyo and Nagano. The Second Choice is useful when some trouble, like system breakdown, accident or bad weather, occurs to the First Choice and vice versa.
