A chart comparing the present and future Graduate School Organization

N

Present Organization

Medical Sciences

Division	Department
	Pathology
	Physiology
	Integrative Physiology and Bio-system Control
	Molecular Pharmacology
	Microbiology and Immunology
	Molecular Biology and Biochemistry
	Medicine (Respirology and Infectious Disease)
	Medicine (Gastroenterology)
Bio-regulation	Medicine (Nephrology)
	Medicine (Rheumatology, Clinical Immunology)
	Surgery (Thoracic)
	Surgery (Gastroenterological)
	Surgery (Cardiovascular)
	Surgery (Breast and Endocrine)
	Obstetrics and Gynecology
	Anesthesiology and Resuscitology
	Emergency and Intensive Care Medicine
	Clinical Pharmacology
	Pathology
	Physiology
	Microbiology and Immunology
	Molecular Biology and Biochemistry
	Medicine (Respirology)
	Medicine (Hematology)
	Pediatrics
Oncology	Dermatology
checkgy	Radiology
	Surgery (Gastroenterological)
	Surgery (Thoracic)
	Neurosurgery
	Urology
	Surgery (Breast and Endocrine)
	Obstetrics and Gynecology
	Histology and Embryology
	Surgery (Cardiovascular)
р	Surgery (Transplantation)
Regeneration and Reconstruction	Urology
	Orthopaedic Surgery
	Plastic and Reconstructive Surgery
	Dentistry and Oral Surgery
	Anatomy
	Medicine (Neurology)
	Psychiatry
Puein	Orthopaedic Surgery
Brain and Sensory Functions	Plastic and Reconstructive Surgery
	Neurosurgery
	Ophthalmology
	Otorhinolaryngology
	Brain Disease Research
	Legal Medicine
	Medical Genetics
	Preventive Medicine and Public Health
Health and Social	Pediatrics
Medicine	Radiology
	Laboratory Medicine
	Medical Informatics

Future Organization

	es
Division	Department
	Pathology
	Physiology
	Integrative Physiology and Bio-system Control
	Molecular Pharmacology
	Microbiology and Immunology
	Molecular Biology and Biochemistry
	Infection and Host Defense
	Molecular and Cellular Immunology
	Medicine (Respirology and Infectious Disease)
	Medicine (Cardiovascular)
D' L L'	Medicine (Gastroenterology)
Bio-regulation	Medicine (Nephrology)
	Medicine (Rheumatology, Clinical Immunology)
	Medicine (Diabetes, Endocrinology and Metabolism)
	Surgery (Thoracic)
	Surgery (Gastroenterological)
	Surgery (Cardiovascular)
	Surgery (Breast and Endocrine)
	Obstetrics and Gynecology
	Anesthesiology and Resuscitology
	Emergency and Intensive Care Medicine
	Clinical Pharmacology
	Pathology
	Physiology
	Microbiology and Immunology
	Molecular Biology and Biochemistry
	Medicine (Respirology)
	Medicine (Hematology)
	Pediatrics
Oncology	Dermatology
	Radiology
	Surgery (Gastroenterological)
	Surgery (Thoracic)
	Neurosurgery
	Urology
	Surgery (Breast and Endocrine)
	Obstetrics and Gynecology
	Histology and Embryology
	Surgery (Cardiovascular)
_	Surgery (Transplantation)
Regeneration and Reconstruction	Urology
	Orthopaedic Surgery
	Plastic and Reconstructive Surgery
	Dentistry and Oral Surgery
	Anatomy
	Medicine (Neurology)
	Psychiatry
	Orthopaedic Surgery
Brain and Sensory	Plastic and Reconstructive Surgery
Functions	Neurosurgery
	Ophthalmology
	Otorhinolaryngology
	Brain Disease Research
	Legal Medicine
	Medical Genetics
	Preventive Medicine and Public Health
Health and Social Medicine	Preventive Medicine and Public Health Pediatrics
Health and Social Medicine	Preventive Medicine and Public Health Pediatrics Radiology
	Preventive Medicine and Public Health Pediatrics Radiology Laboratory Medicine
	Preventive Medicine and Public Health Pediatrics Radiology

Institute of Organ	Transplants, Reconstructive Medicine and	Ti	iss	ue	Engineering
Division	Department				
ininunology and	Infection and Host Defense				
	Molecular and Cellular Immunology				
Organ Regeneration	Cardiovascular Medicine				
	Molecular Medicine and Therapeutics				
	Molecular Pathology	\backslash			

Institute on Aging and Adaptation

incurate en / g		
Division	Department	
	Aging Biology	
Molecular and Cellular Biology	Neuroplasticity	
	Molecular Oncology	
Human Biology	Aging Medicine and Geriatrics	
	Metabolic Regulation	
	Sports Medical Sciences	
Health and Health Promotion	Health Education and Psychology	
	Basic Geriatrics	

Institute of Pathogenesis and Disease Prevention

	Division	Department				
	Molecular and Cellular Biology	Aging Biology				
\rightarrow		Neuroplasticity				
$\rightarrow \rightarrow$		Molecular Oncology
