

**Workshop for the Trilateral Science and Technology Cooperation
(Fiber Engineering)
Japan-China-Korea**

**Open Symposium
December 15th, 2007 (Ueda Tokyu Inn)**

Organized by Faculty of Textile Science and Technology, Shinshu University
Sponsored by Ministry of Education, Culture, Sports, Science and Technology,
Japan Society for the Promotion of Science
(Strategic Program for Building an Asian Science and Technology Community)

9:30-9:40 Opening Ceremony

9:40-10:20 Lecture 1

Prof. Im Seung-Soon (Hanyang University, Korea)

" Biodegradable polyester nanocomposites and a renewable polyester-based ionomer
as useful next-generation materials"

10:20-11:00 Lecture 2

Prof. Zhu Chengyan (Zhejiang Sci-Tech University, China)

"Research on the new textile fibers and fabrics"

11:00-11:15 Coffee break

11:15-11:55 Lecture 3

Prof. Yamane Hideki (Kyoto Institute of Technology, Japan)

"Fabrication of Bio-based Polyesters "

*This workshop will be held based on the Joint Statement of the 1st Korea-Japan-China
Trilateral Ministerial Meeting on S&T Cooperation on January 12, 2007 in Seoul.
