### **Where to submit and contact**

Please submit the above documents to the Admissions Office (s\_admi@shinshu-u.ac.jp).

## **10. Security Export Control (for international students)**

From the perspectives of exporting goods, providing technologies and people-to-people exchange, Shinshu University has established the Shinshu University Security Export Control Regulations in accordance with the Foreign Exchange and Foreign Trade Act to develop the system of export control.

International students subject to such legislation should have sufficient discussions with their academic advisor prior to applying to our university, and should note in advance that:

- If they fall under any of the regulated matters, they may not be able to receive the desired education or their research activities may be restricted after enrollment.
- If regulation is tightened due to amendment of the law, or for any other reason, the student may be unable to continue research already under way.

cf. the Shinshu University Security Export Control Regulations

## **11. Others**

(1) Completion of coursework and degree

A Master of Science degree will be awarded to those who have been enrolled in the Department of Science at the Graduate School of Science and Engineering for at least two years, who have earned at least 30 credits in the required subjects in each division or unit, and who have passed the thesis review and final examination.

(2) Japanese Language Proficiency

After acceptance, Japanese will be the primary language used for various procedures and classes. Applicants are required to have enough Japanese language ability to understand the contents of the master's course.

(3) Scholarship

Those who wish to receive a scholarship from the Japan Student Services Organization (JASSO) will be selected after a screening process.

(4) Request for information materials

If you are unable to print the Application Guideline and wish to have it mailed to you, please send a return envelope (No.2 envelope [240mm×332mm] with the requestor's name, address, and postal code clearly written on the front, with a 320 yen stamp attached) in a separate envelope and send them to the Admission Office indicated in the contact list in page 22.

(5) Use of personal information

Personal information obtained through the selection of applicants at Shinshu University will be used for the following purposes in addition to the selection of applicants.

- ① Enrollment procedures
- ② Academic records management
- ③ Guidance for studying
- ④ Student support services
- ⑤ Security export control procedures (for international students)
- ⑥ Surveys and research to improve admission selection methods and university education.

The results of the survey/research and publication of the results will be handled in such a way that individuals cannot be identified.
