- Notes on Online Entrance Examination for Examinees -

1. Date

Tuesday, January 25, 2022

* Time schedule will be informed to the email address registered on the Internet Application site.

2. Test Method

For oral examination, it is preferable to present "Master's thesis", "Research process and content", and "Research plan" by using a PC, a projector, etc.

The examination method might vary according to each division/unit, so please confirm it to your desired advisor beforehand.

3. Environment and Examination Space

(1) Environment and Examination Space

It is the examinee's responsibility to prepare a space that provides an appropriate environment for the examination. The environment of the space needs to meet the following requirements mentioned.

- a) Examinee should have a stable internet connection that is sufficient to have an online interview (Commercial facilities such as internet café are not acceptable)
- b) Examinee must be alone in a room with no one else entering during the examination.
- c) The space should be as quiet as possible to conduct an online interview.
- d) Examinee has note-taking materials.
- e) Examinee should carry a phone in order to talk with interviewers in case of an emergency.

(2) Equipment and Software

We ask examinees to prepare equipment required for a video communication such as a desktop or laptop computer, tablet or mobile device with a camera, microphone and speaker. Please complete download and installation of the most updated version of ZOOM on the computer that examinee will use for the interview. (<https://zoom.us/jp-jp/meetings.html>)

(3) Connection Test

The Connection test date, time and the designated meeting URL will be informed to examinee's registered email address. On the day of the connection test, please access to the informed meeting URL on the scheduled time. The purpose of the test is to confirm a stable communication on Zoom under the same environment as the examination day. The testing time will be around 10 minutes.

* We will contact examinees by email with the address domain "@shinshu-u.ac.jp". If you have no response from us even by January 21, please contact us.

(4) Items you should have/should not have

Examinees should have the following items at the time of examination. The tabletop and surrounding area must be clear of all items not authorized for use during the examination.

- Your examination card (Print out from the internet application website. You will be asked to provide it to verify your identity.)
- Your presentation material
- Note-taking materials
- White paper (A4 size, 3 or more) *We may ask written answers to some questions.

4. Notes for the date of examination

- (1) Please be seated in front of your device by 10 minutes before the examination time. We will have a final connection test.
- (2) Once the examination starts, no one but examinee should be in a room.
- (3) At the beginning of the examination, the examinee will be asked to move the camera to show that the examinee is alone in the room and the tabletop surface is clear of all items not authorized.
- (4) During the examination, the interviewers may ask examinees written answers. In such case, write answers on white paper you prepared and show it to the interviewers through the camera.
- (5) Recording or taking photos during the examination and delivery of video or sound of the examination are strictly prohibited. Failure to complying this instruction will be taken as cheating.
- (6) Preparing for unforeseeable troubles during the examination, please have an alternate communication tool such as a smartphone with you in addition to the equipment for video conference.
- (7) If you were not able to take the examination due to COVID-19 infection, please contact the following by 8:40 a.m. on the day of examination.
