

# **2025 Nanospace Engineering Seminar**

## **"Recent Advances in Carbon Nanomaterials for Biomedical Applications"**

**Dr. Alberto Bianco**

**Fellow of European Academy of Sciences  
Centre National de la Recherche Scientifique  
Strasbourg, France**

**Date and Time: **October 16<sup>th</sup>, 2:00-3:00 pm****

**Room: SASTEC 2F Rental Laboratory 2**

Dr. A. Bianco is a world-wide active scientist who has been challenging biological applications of carbon nanotube and graphene from fundamental aspects to applications. We could enjoy new developments in different carbon nanomaterials through the presentation by Dr. A. Bianco.

**Inquiries:** Professor Katsumi Kaneko
