

# Shinshu University

(Nagano Prefecture)

Students will be accepted in various fields of education.

## ◇ University overview

### ○ Characteristics and history

Shinshu University was founded in May, 1949. The University consists of eight faculties (Arts, Education, Economics and Law, Science, Medicine, Engineering, Agriculture, Textile Science and Technology) scattered over five campuses. All the faculties have attached graduate schools. Shinshu University Video and Data Network Systems connect the five campuses with each other. By using the systems, intercampus classes can be held. For example, the Graduate School of Education has two courses and six attached schools for teacher training and research. Also it has the Center for Research on Innovative Learning and the Institute of Nature Education in Shiga Heights and provides characteristic studies. The school aims to educate students so that they will be able to deal with the growing educational problems of modern society which has changed greatly in recent years. Nagano prefecture is famous for being an advanced prefecture in education and is a leader in promoting education in Japan. Our school plays an important role in Nagano prefectural education.
