(2) Subjects which are offered by the School of General Education with the exception of “Languages”

Please note that if students are unable to arrive in Japan by the start of classes, they may be restricted from taking these courses.

(3) Major Subjects (Including Introductory Major Subjects)

Notes: Exchange students who wish to study Japanese language intensively are able to take Japanese language classes at GEC. Those who wish to study major subjects are able to choose classes taught in Japanese for degree-seeking students of Shinshu University, which are offered by other faculties or divisions, and earn credits.

Please take note that all courses related to Japan and Japanese language are offered in Matsumoto Campus. And Faculty of Education (Nagano City), Faculty of Engineering (Nagano City), Faculty of Agriculture (Minami-Minowa Village), and Faculty of Textile Science and Technology (Ueda City) are located separately from Matsumoto campus. Because of this, you cannot register major subjects in those four faculties and courses related to Japan and Japanese language during the same semester. If you want to study at those four faculties as an exchange student, please contact us as soon as possible. Some exchange students who enroll for two semesters at Shinshu University study at Matsumoto campus during their first semester (six months), and then study at the Faculty of Education, Faculty of Engineering, Faculty of Agriculture, or Faculty of Textile Science and Technology during their second semester. In that case, students that receive approval to do so must move out of Matsumoto City after their first semester.

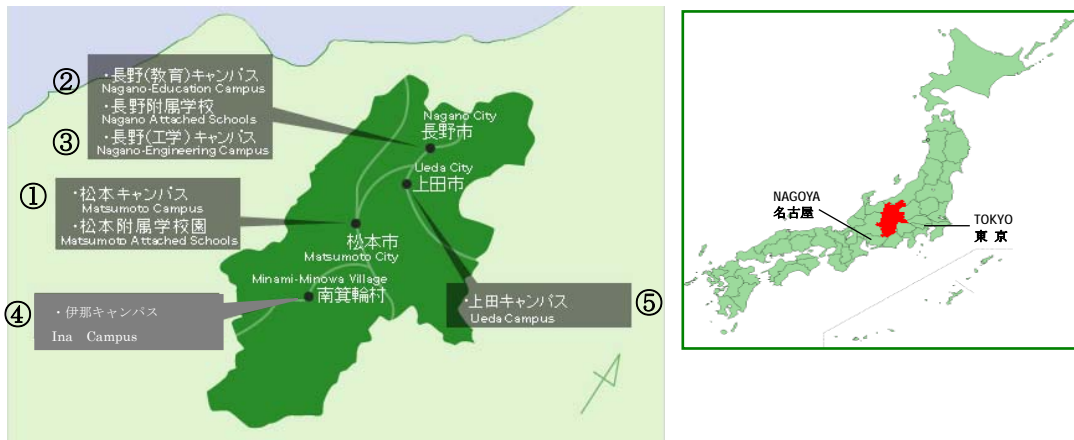

If you Japanese Language are fluent enough and want to mainly take major subjects offered by Faculties, or if you are a postgraduate student and want to receive special tutorials from the professor in your major field, please contact us as soon as possible. We will inquiry to the Faculty or Graduate School of your choice. If they accept you, you will study at the Faculty or Graduate School as an exchange student but not under this exchange program.

6. Registration and Academic Results

Exchange students must fill in a registration form at the beginning of the semester and submit it to GEC after getting their advisors' approval. Students who study in campus other than Matsumoto can submit the form to the Student Affairs section of the respective campus.

An official academic transcript will be issued upon completion of the program. The transcript will include course titles, grades, and the number of credits earned. Please see the sample on the last page. You are strongly advised to consult with the coordinator in charge of exchange programs at your home university regarding credit transfer before applying to this program.

Please note that an official academic transcript for the 2022 Spring Semester will be issued at the early of October 2022, and for the 2022 Fall Semester at the early of April 2023.

7. Certificate Requirements

To complete the program, students must complete at least 10 credits per year (5 credits per semester), and present a report in Japanese during the end-of-program presentation.

8. Accommodation

We provide several types of accommodations to exchange students including the International House. If the International House is full, students may be asked to move into a private apartment. Because the number of rooms available at the International House is limited, there is no guarantee that all students can be assigned to their preferred accommodation.

9. About JASSO Scholarship (Student Exchange Support Program)

The Ministry of Education, Japan (MEXT), in collaboration with the Japan Student Services Organization (JASSO), offers scholarships under the "Student Exchange Support Program" for short-term study in Japan. The scholarship program is intended to encourage student exchange between universities in Japan and their overseas partner institutions, promote understanding and friendship between the countries participating, and strengthen the internationalization and competitiveness of Japanese universities.

Students wishing to apply for a JASSO scholarship must confirm the eligibility before checking "Yes" on question 9 of the application form ("Are you intending to apply for a JASSO scholarship?"). You can find the details of eligibility, scholarship provisions from the application package for Shinshu University Exchange Student.

If Shinshu University Exchange Student Program is selected by JASSO as the "Student Exchange Support Program" for that fiscal year, Shinshu University will nominate candidates from the applicants who check "Yes" on question 9 of the application form, and inform the selected students of their nomination through their home universities. Please be advised that meeting all requirements of JASSO Scholarship does not guarantee nomination. If you study at the Faculty or Graduate School as an exchange student but not under this exchange program, you cannot apply this JASSO Scholarship.
