COMPONENTS

Program Orientation

Students learn general and detailed information about program components and experience they will have in the program.

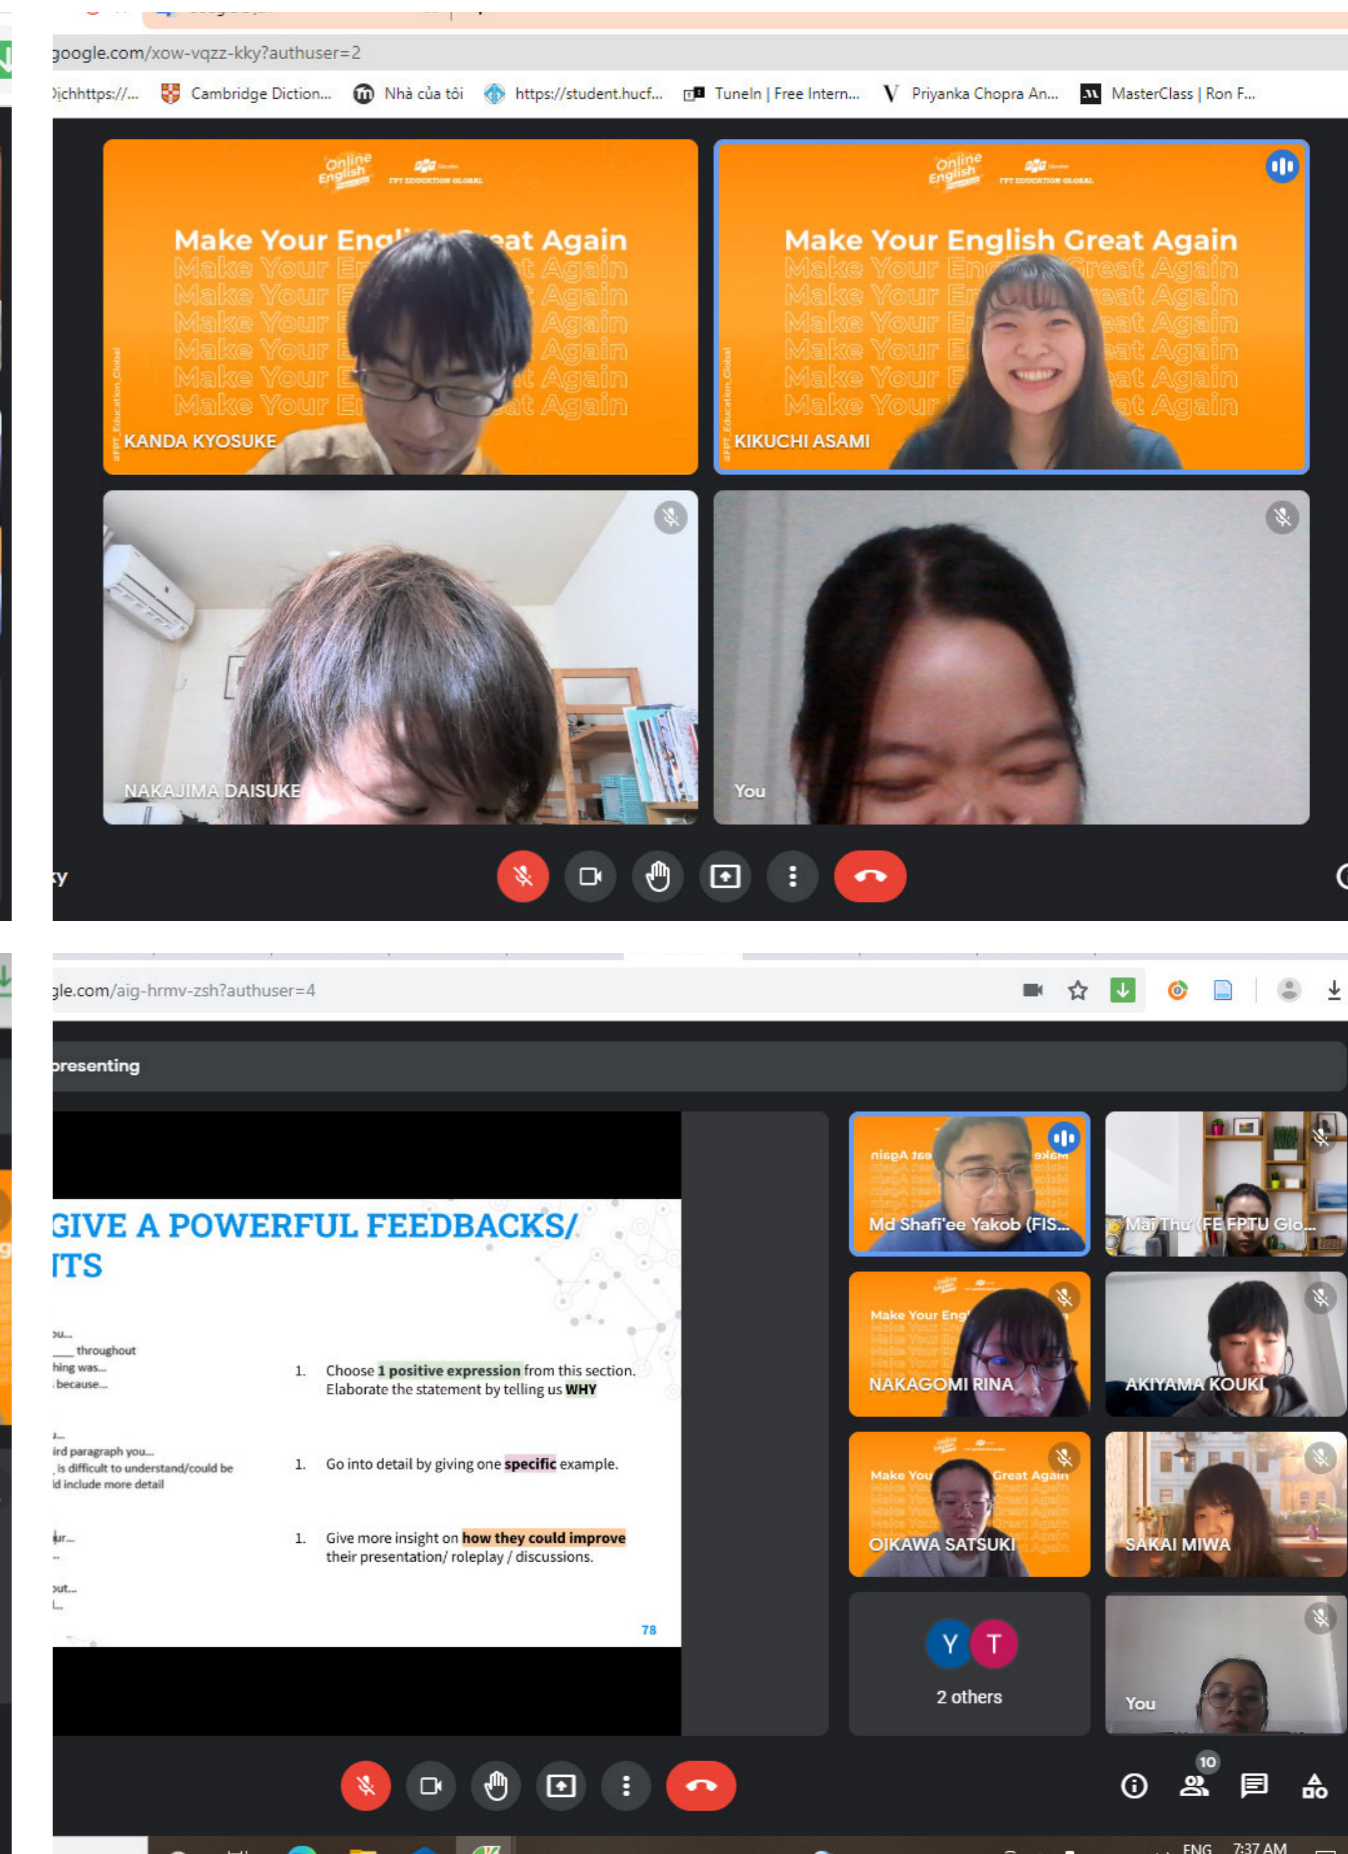

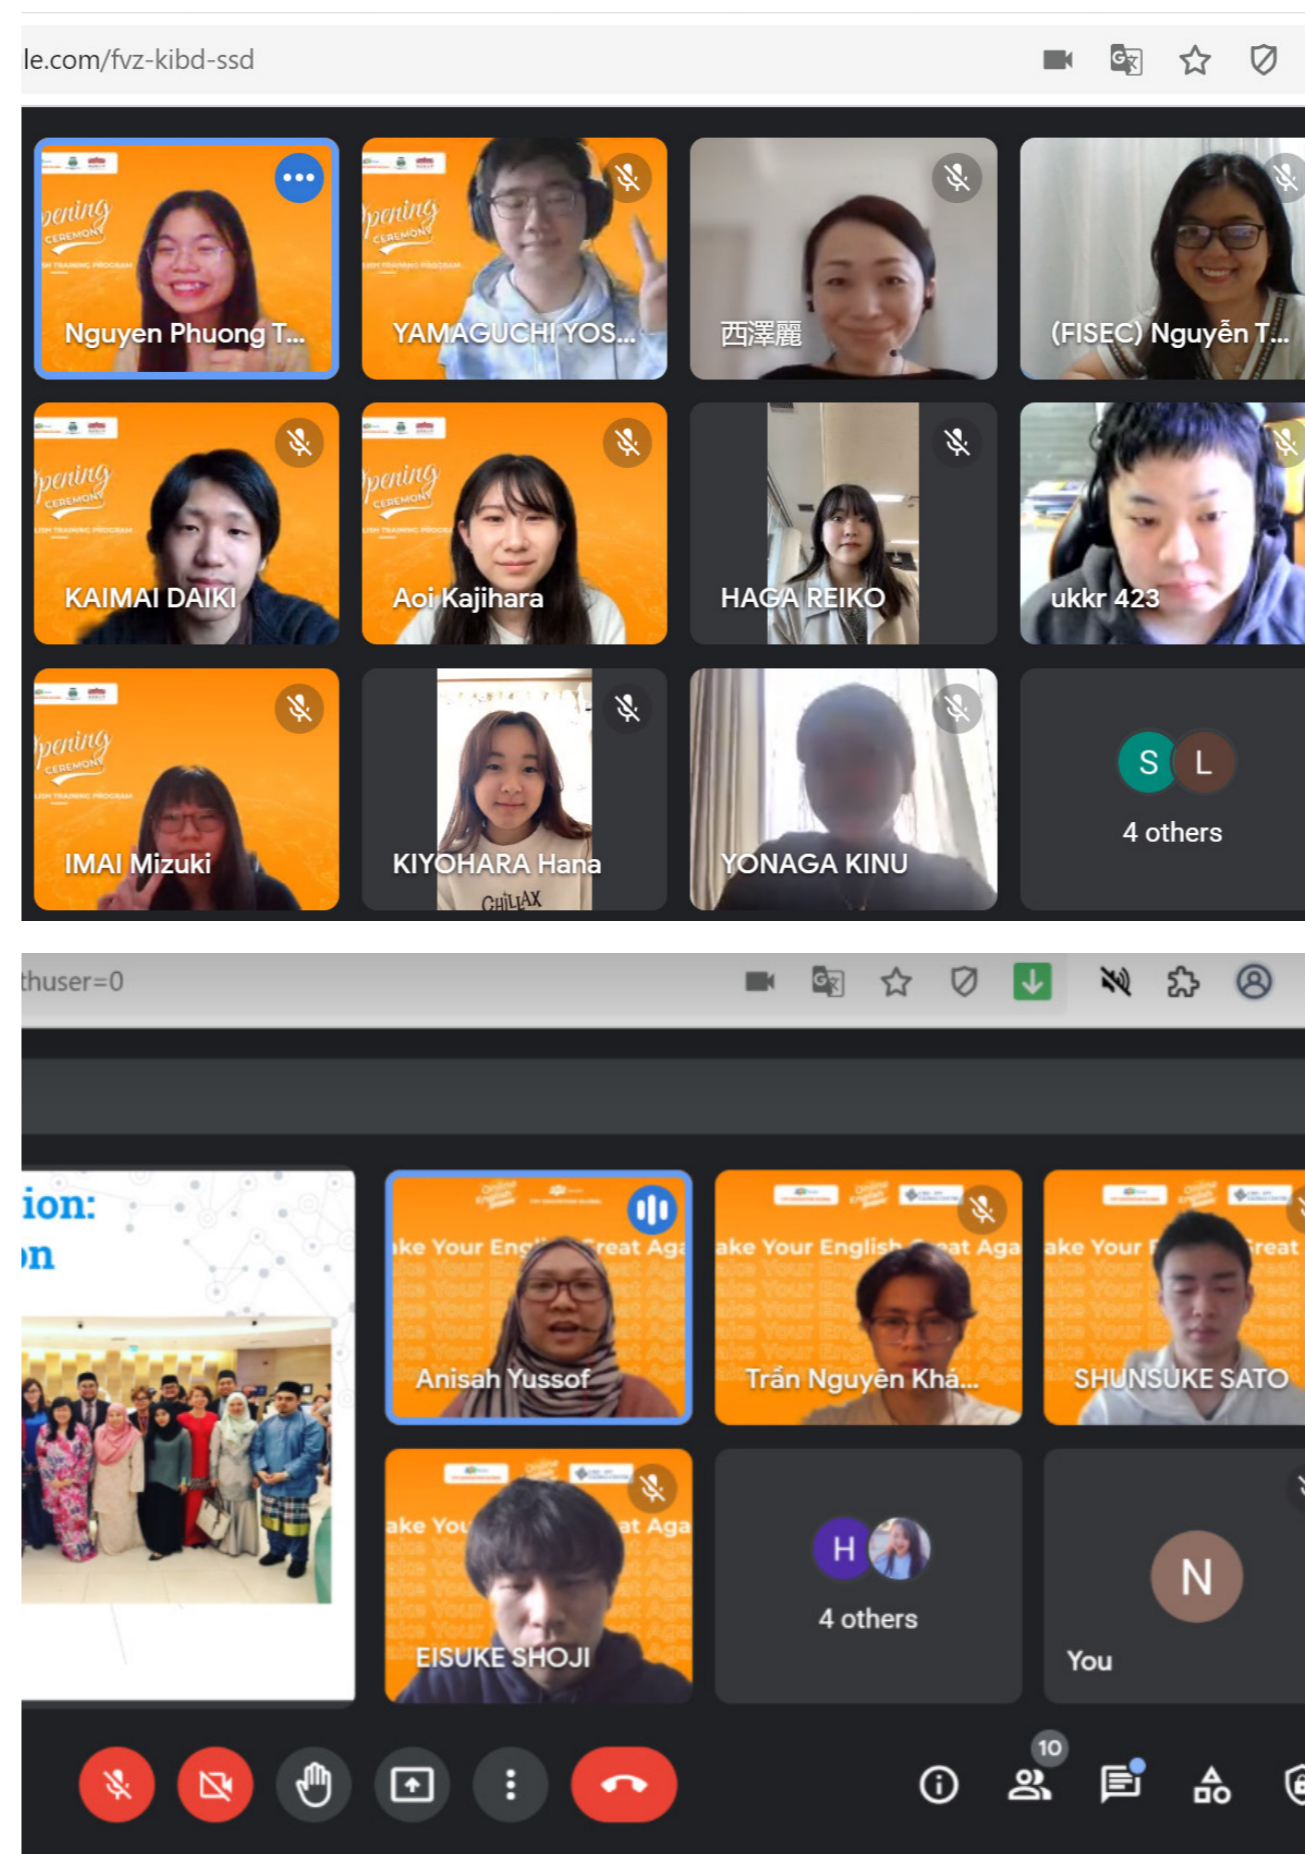

Alumni Sharing

Students who joined FPT's Online English Training program share about their experience (what they learnt, how they felt, how much they improved, why they want to recommend this program to other students, etc)

English class

Students follow a 3-step learning model to practice English and boost their confidence in communication in daily life context.

English class

Class size: 1 teacher - 6 Japanese students
- 1-2 Vietnamese students

Communication English lessons

Learning Model

Learn

Students gain new knowledge of the English language

- Self-study learning materials provided by teachers
- Review and reflect with teachers; apply knowledge and have conversation practices in class

Engage

Students become comfortable with using English with foreigners

- Talk about daily life or home country's culture
- Make use of basic vocabulary and knowledge gained in the Learn challenge

Step Up

Students achieve confidence in delivering speeches to and engaging in conversations with others in English

- Prepare and present on topics provided in class
- Practice expressing more complex ideas based on the knowledge and skills gained in Learn and Engage challenges

COMPONENTS

English Pair Tutoring

Students together with Vietnamese students practice conversation in English to boost confidence, improve communication skills and exchange culture

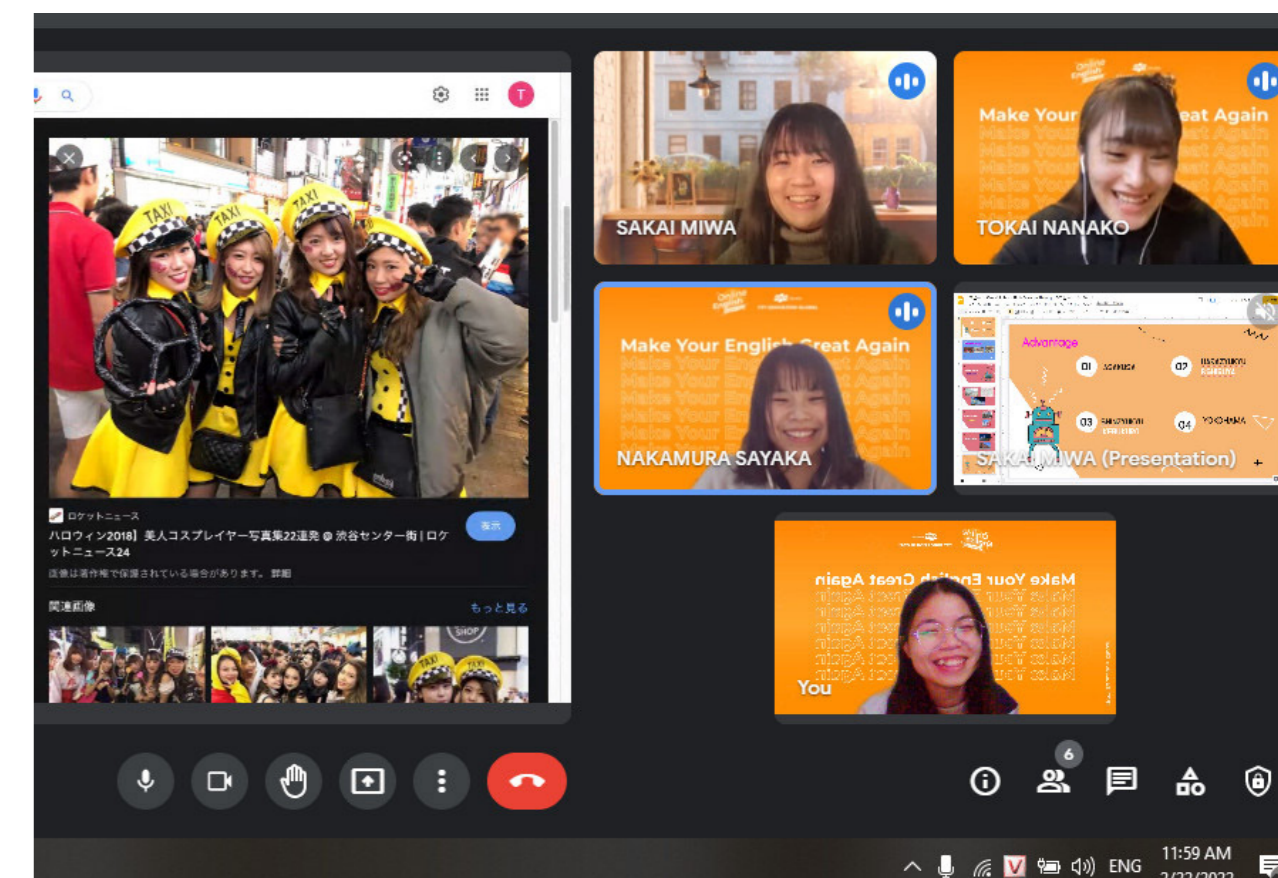

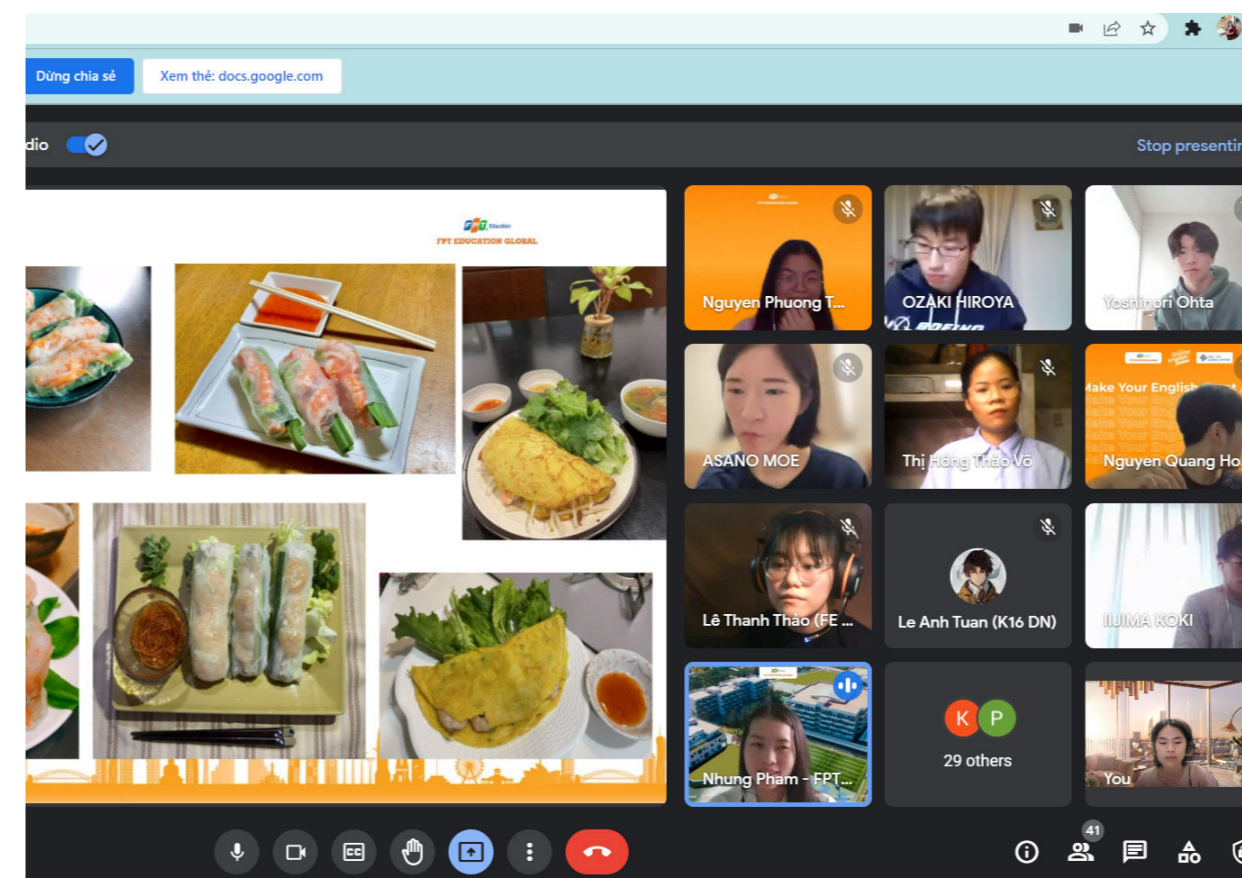

Group size

3 Japanese students - 1 Vietnamese students

Culture Exchange

Students exchange countries' culture with other students from other countries. By playing games and doing activities together, students build connections and keep memorable moments.
